

ict project

management

This course aims to provide students with the experience and skills to develop a small scale computing project, in a team or individually. Students are encouraged to propose their own practical project. They will then be guided through all stages of ICT Project Management, from planning, design and problem solving, to implementation and testing

At Flemington Library 313 Racecourse Rd Flemington

Fee: \$50 for eligible students

When: Wednesdays 9:30 am to 4:00 pm

Enquiries: manrico@fsnlc.net or 03 9376 9088
